

## COMPANY INTRODUCTION

# Corporate Profile

Founded in 1997  
in Hong Kong

Over 2,900  
Employees

## EMS

One-stop Electronic  
Manufacturing Services

VIDEO MOTHERBOARDS  
GRAPHICS COMPUTERS  
CARDS GAMING HARDWARE  
EMBEDDED SYSTEMS

Full Range of Products

INNO3D®

ZOTAC

Reputable Brands

# KEY MILESTONES

**1997**  
Group  
Founded

**1998**  
Engaged by ATI  
(AMD) as Contract  
manufacturer

**1998**  
Became an EMS  
provider for a  
world leading  
POS systems  
supplier

**2002**  
EMS provider for  
a World Leading  
Flash Memory  
Card supplier

**2006**  
Manufacturing of  
video graphics cards  
based on NVIDIA  
GPUs

**2006**  
ZOTAC brand  
established

**2009**  
Launched the  
original  
mini-PC series  
under ZOTAC

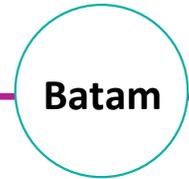

**2011**  
Full acquisition of  
Inno3D and Manli

**2026**  
Delisted  
on HKEX

**2024**  
Established  
Singapore HQ and  
listing on SGX

**2024**  
Established  
factory in Batam  
Indonesia

**2022**  
Acquired  
and moved  
in HK HQ

**2019**  
Formed a JV  
on Cloud  
Computing in  
China

**2017**  
Formed JV  
InnoPartner  
in Singapore

**2016**  
Invested in  
a VR  
company  
in US

**2012**  
Listed on the  
main board  
of HKEX  
(1263.HK)

# GLOBAL PRESENCE

- Currently headquartered in Singapore
- Sales to over 70 Countries
- Regional offices in Hong Kong, Mainland China, Taiwan, Japan, Korea, Germany, United States
- Production plants located in Batam Indonesia and Dongguan Mainland China

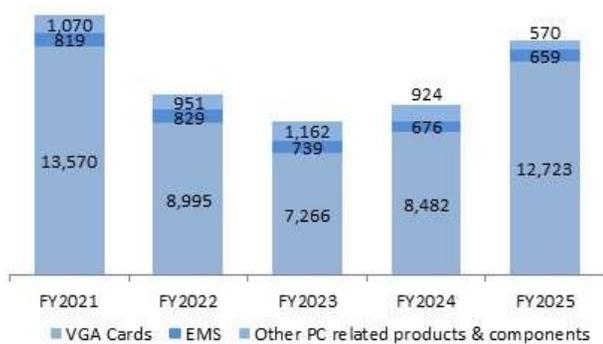

## FINANCIAL PERFORMANCE

# Financial Performance

### Sales by Products (HK\$'m)

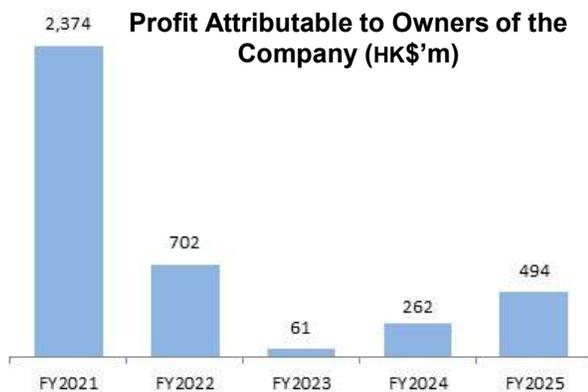

### Sales by Geographical Region (HK\$'m)

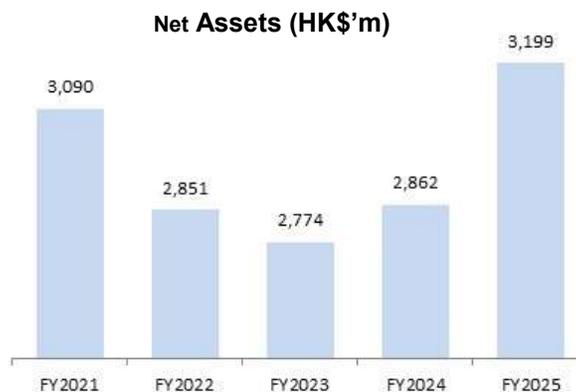

### Sales by Brand/non-brand (HK\$'m)

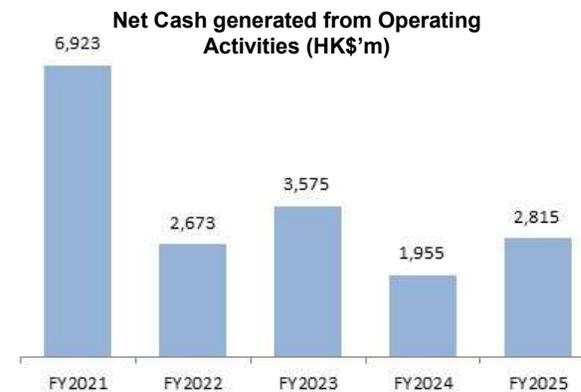

### Profit Attributable to Owners of the Company (HK\$'m)

### Net Assets (HK\$'m)

### Net Cash generated from Operating Activities (HK\$'m)

## **SOCIAL RESPONSIBILITIES**

ENVIRONMENT, COMMUNITY, AND PEOPLE

# SOCIAL RESPONSIBILITY

## ENVIRONMENTAL

### STANDARDS COMPLIANCE

**ISO14001:2015**  
Environmental  
Management Systems

**OHSAS18001**  
Occupational Health and  
Safety Management System

### EMISSIONS

- Monitor emissions from different sources according to local standards
- Integrated Emission Standard of Air Pollutants (GB16297–1996)
- Emission Standard of Cooking Fume (GB18483–2001)) to ensure ongoing compliance.
- Generate household wastewater and no industrial wastewater discharge

### USE OF RESOURCES

- Established management policies for energy, water and other resources under its environmental management system (ISO14001 system)
- Natural gas was also introduced in 2013 to replace diesel which has lower energy conversion rate
- Using solar energy instead of diesel to provide hot water in staff quarters

# SOCIAL RESPONSIBILITY

## COMMUNITY

### COMPLY WITH STANDARDS

EICC  
EICC Code of Conduct

OHSAS18001  
Occupational Health and  
Safety Management System

### HEALTH & SAFETY

- Assure the consistent implementation of all health and safety policies with clear procedures, division of responsibilities, distinct requests and broad staff training

### PRODUCT LIABILITY

- We request the supplier of each material to provide laboratory report of restricted substances issued by third-parties and give warranty to confirm proper management of restricted substances

### COMMUNITY INVESTMENT

- Projects include co-operating with schools to nurture local talents, supporting stricken community members by donations, serving underprivileged groups by volunteering events and protecting the environment

### SUPPLY CHAIN MANAGEMENT

- We conduct annual on-site social responsibility audits against relevant suppliers
- Social responsibility performance (e.g. environmental, occupational health and safety, labor, human rights and ethics) is also one of the criteria we use to select new suppliers

# SOCIAL RESPONSIBILITY

## OUR PEOPLE

### PC PARTNER VALUES

Through various programs, our employees are indoctrinated with PC Partner's values

- Trust
- Respect
- Teamwork
- Customer Focus
- Continuous Improvement

### EMPLOYEE TRAINING & DEVELOPMENT

- We carry on the 6 SIGMA certification program
- Staff requirement to complete induction program and participation in certain annual training programs for growth and development

### LABOR STANDARD

- PC Partner has formulated its labor policy in accordance with the EICC standards, local laws and regulations, and the requirements of the respective stakeholders
- We do not discriminate candidates or offer different treatment based on sex, age, nationality, ethnicity, religious belief, marital status, pregnancy, disabilities or family conditions.

## **SMART FACTORY**

TOWARDS ENVIRONMENTAL AND SOCIAL SUSTAINABILITY

# SMART FACTORY

## MANUFACTURING AND GREEN TECHNOLOGY

With **self-developed innovative technologies**, our facilities have moved towards a Smarter Factory with smarter and responsible Manufacturing and Greener Technologies.

Our goal is to adapted a path towards **more environmental and social sustainability**.

### MANUFACTURING

- Process Standardization
- Automation
- Modular Production
- Production & Hardware Flexibility

### GREEN TECHNOLOGY

- Increased Energy Efficiency
- Labor Safety
- Humanized Management

## **ELECTRONICS MANUFACTURING SERVICES (EMS)**

A COMPREHENSIVE SOLUTION FOR YOUR PRODUCTS

# OVER 25 YEARS OF EXPERTISE & EXPERIENCE

COMPREHENSIVE EMS SOLUTIONS

## PC Partner is a End-to-end Service Provider

- Extraordinary research and development capabilities and production facilities
- Quick adaption to the rapidly changing market
- Spanning from planning to after-market services and every step in between
- Our customers' costs and time-to-market are significantly reduced
- Each phase of the product lifecycle is backed by our vertically integrated and experienced team ranging from R&D, to testing and manufacturing
- We have offices located in key regions across the Americas, Europe, and Asia-Pacific
- Can provide ground support on the support chain, engineering and aftermarket services
- Ready to support customers on a global scale

## OUR SERVICES

- Brain Storming
- Analysis and Specification
- Concept Finalization
- Manufacturer Selection
- Electronics Development
- Software Development
- Mechanical Development
- Packaging Development
- Tooling Development
- Prototyping
- Engineering Samples Making
- Testing Procedure Release
- Product Reliability Test
- Product Certification
- Production Planning
- Manufacturing Validation
- Production Pilot Run
- Mass Production
- Packaging Arrangement
- Technologies and Document Transfer
- Parts and Components Sourcing
- Cost Analysis
- Quality Standard Setup
- Quality Control
- Final Inspection
- Logistics and Shipment
- Delivery

## **MAIN BUSINESS**

LEADING GLOBAL MANUFACTURER OF COMPUTER ELECTRONICS

**CONSUMER ELECTRONICS**

**DIGITAL SIGNAGE**

**INDUSTRIAL**

**ENTERPRISE & AI SOLUTIONS**

**GAMING**

**INTERNET OF THINGS (IoT)**

# CONSUMER ELECTRONICS

AN IMPACTFUL BRAND EXPERIENCE ON THE CONSUMER

- PC Partner offers end-to-end services and solutions for tightly controlled processes to meet rigorous and the highest standards to ensure the first customer experience with your product is the best one

## Tailored to Meet Your Needs

- Manufacturing services
- Product Design
- Packaging
- Thermal design
- Acoustic design
- Mechanical Design
- PCB Design
- Quality Control & Quality Assurance
- Product Testing
- Logistics Delivery

# DIGITAL SIGNAGE

A MODERN-DAY MEANS OF EXTENDING YOUR BRAND'S REACH

- Featuring small compact mini PCs to rack mounted designs that enable more powerful displays and smarter control and functionality
- With a full line of hardware solutions from PC Partner, we can easily customize digital signage solutions to meet your requirements

## Industries

- Property Management
- Corporate Communications
- Retail
- Restaurants
- Casino
- Financial
- Entertainment
- Billboards
- Automotive
- Healthcare
- Education
- Transportation Hubs (Train / Airport / Bus)

# ENTERPRISE AND CLOUD SOLUTIONS

MAKE YOUR INVESTMENT FUTURE-PROOF AND COST-EFFICIENT

- We develop customized hardware platforms for your business and offer ODM (Original Design Manufacturing) with various connectivity options or customized OEM (Original Equipment Manufacturing) requirements.

## Cloud server solutions

PC Partner offers services and solutions in both hardware and software to enable a more finely controlled solution yet we are still flexible to integrate with your preferred provider/services

# GAMING

BACKED WITH OVER 24 YEARS OF EXPERTISE AND EXPERIENCE

- Featuring the latest processors from Intel or AMD and graphics hardware options
- We deliver multiple hardware solutions ranging from existing solutions, customized solutions, or entirely new from scratch to meet your needs and rigorous standards

## Industries

- Gaming
- Casino
- Virtual Reality
- Entertainment

# INDUSTRIAL

FROM DESIGN TO MASS PRODUCTION TO END OF LIFE CYCLE

- From design to mass production to end of life cycle with varying complexities from simple commercial PCBAs to more complex higher dense circuits with BGAs, Flip Chip, and Chip On-Board (COB) technologies to complete systems and or product solutions such as:

## Industrial

- Global Positioning Systems (GPS)
- Backup storage systems, Network Attached Storage
- LED Display and modules

- From human assisted point of sales terminals or self-service kiosks such as vending systems and ATMs, they are all an extension and continuation from your brand and all powered by a mini computer integrated into the complete solution

## End-point Transactional Solutions

- ATMs, kiosks
- Point of sales terminals, Vending systems

# INTERNET OF THINGS (IoT)

CONNECTED SYSTEMS OR DEVICES WITH SPECIALIZED SENSORS

- We can engage with you on your idea and build from design to final production or leverage our existing solutions and tailor it to meet your needs and rigorous standards.

## Industries

- Agriculture
- Property Management
- Construction
- Environmental
- Food Services, Processing, and Storage
- Asset Management
- Institutions Management
- Retail

# THANK YOU!
